SOBOTKA COMMUNITY CENTER

LOCATION: NAMENSI MIHUL, SOBOTKA, CZECH REPUBLIC

The site is located in the middle of the city of Sobotka. In the corner of the square, there is a large empty space that was once the site of a hotel called "Beseda" in the 1980s. The site is one of the most important meeting points for people living in this picturesque city with a population reaching almost 2,500 inhabitants. The project proposes a multifunctional building which will complete the city center of Sobotka and provide a rich community life.
