

Diploma WS 22/23
Review Yurchenko, Fedor

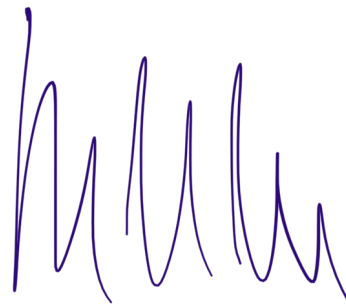

The author makes additions to the justification of the concept as well as to the formulation of details such as surfaces.

However, essential points of criticism, such as the general spatial concept and the handling of vegetation areas, remain. The additions are therefore not a significant contribution to improve the quality of the overall project.

Mark: E

Question:

We recommend the jury to continue with the discussion of the critical issues from last semester.

A handwritten signature in blue ink, consisting of several stylized, overlapping loops and curves.
